Dear Ms. Bill and Ms. Massenburg:

As we discussed today, we will be submitting comments regarding the U.S. EPA's proposed cleanup plan for the Master Metals' site in Cleveland, Ohio, on Monday, May 3, via faxed and overnight mail. We appreciate the opportunity to submit our comments to you regarding this site.

Thank you, again, for your assistance, and I look forward to continuing to work with you on this matter.

Sincerely,
